1050m a.s.l.

SCREEN:

16up

SCA POINTS:

83

FARMER:

Guima Cafe

VARIETY:

Yellow Bourbon

PROCESS:

Natural

CUPPING NOTES:

Honey

Citrus Fruits

Sugar Cane

CUPPING NOTES

With cupping notes of honey, citric fruits, and floral undertones, this coffee delivers a vibrant and refreshing flavor profile. The sugar cane sweetness and citric acidity are balanced by a creamy body, culminating in a pleasant aftertaste.

WHO?

Guima Cafe's innovative approach and dedication to quality make it a standout producer in the region. By fostering equality of opportunity and investing in training, the cooperative not only produces exceptional coffee but also uplifts the community. This holistic approach ensures that every aspect of production is optimized for quality, sustainability, and social impact.

WHERE?

The estate, located at an altitude of 1050 meters above sea level in Varjão de Minas, Minas Gerais, benefits from the unique climatic conditions of the Cerrado Mineiro region. Spanning 650 hectares, the farm is a model of modern coffee cultivation. The combination of altitude, climate, and soil creates an ideal environment for growing Yellow Bourbon variety.

Helping you make the best out of the beans!
